Hello Tom,

Hope yall are doing well with all this virus crap. We got delayed on our 2 Brownsville jets, but looks like we may be ready to physically seize them both as early as next week. Can you send me over a document with your letterhead, bonding info, and some type of rough price agreement, something to put us in the ballpark. I want to get it approved prior to getting these seizures signed. The jets are a 1993 learjet31 N260RC and 1990 Cessna 560 Citation Jet N569LM. neither were "dope" jets, both used for personal transport, so they don't look gutted out. This price should include picking them up with us in Brownsville, storing them at your facility, any maintenance, and auction fee.

Thanks again, be safe,

Beau Price

Good to hear from you Tom!

I will try to work the Harris County jet in a manner so that it can be stored in Miami, but ultimately it will be up to the prosecutor. Polk Co. hasn't seized one before, so I think they are being very cautious with these first 2. We anticipate MANY more through them, so maybe we can adapt the process as we go.

I hope to hear something today in regards to the actual day of seizure, hoping it's this week.

Be safe,
Beau

No Problem Beau, I have several places in Texas, but as stated, I would rather bring the Houston plane here if possible, I know the others you want to stay in Texas

Best Regards,

Tom
